

# Consumer quality survey

**We'd love to hear what you think.**

Here at Moda Health, we're all about helping you feel better sooner and live well longer. But we still want to know: How can we be better?

We're asking a small number of Moda Health members to give us feedback. If selected, you will receive a survey package in the mail. Please use it to tell us how we're doing and how you feel about our services. It should take you no longer than 20 minutes to fill out. You can even do it online if you like.

DSS Research (an independent firm) is helping us conduct this survey. We do this to ensure that your response remains confidential and won't affect your benefits in any way. Only staff at DSS Research will see your answers.

If you are chosen to participate, it's very important that you send your answers to DSS Research right away. The survey will help us only if everyone who gets the survey completes it.

Thank you for helping make healthcare better for everyone!

Together, we can be more.  
We can be inspired.
